

USA Hockey and OneGoal

USA Hockey and OneGoal have partnered to help overcome the initial cost barrier of entering into hockey by making available, at a very low cost, special First-Timer Rental Equipment Kits for all interested USA Hockey associations and Star ice rinks. By taking advantage of this special offer you can take a vital, active role in making it easier for parents to give hockey a chance in their family.

Each Set costs just \$60.00. Sets will include helmet w/cage, shoulder pads, elbow pads, pants, gloves, shin pads and bag. Sets are available in two sizes - Small, for 4-6 year olds and Large, for 6-8 year olds. The equipment sets are co-branded USA Hockey/ OneGoal and marked Rental (In Large Block Lettering) to encourage the recycle use for starter programs and not long term use or resale.

Local retailers are supporting the program as once the new skater has gone through the initial Learn-to-Skate/Play Hockey program and turn in their Rental equipment, the first place the player and his/her family go is to the local equipment store to purchase their own equipment. A win-win for everyone, especially the kids.

In order to secure this price and secure a delivery date we will require the orders to be complete and turned in to the USA Hockey National Office by April 30, 2008. Therefore, we will need your commitment to an order NO LATER THAN APRIL 30, 2008.

There is a 20 set minimum and no maximum on order size, although quantities are limited. Sizes may be mixed. _You will be billed for your order on June 1, 2008 with payment due by June 30, 2008. However, you can order at the time you place your order but you are not required to do so. The delivery due date is late July or some time in early August. Once ordered there is a no change/no return policy after April 30, 2008. Please make sure your "ship to" location can handle the delivery and inventory as these orders will be packed in and shipped from Asia. All orders placed and paid for with OneGoal before March 17, 2008 will receive a refund on their shipping from USA Hockey after the orders are delivered.

In an effort to help keep costs down so we bring more new kids into the game, USA Hockey will cover the cost of shipping (estimated at 8-10% of your order cost). This means your total cost per set is just \$60.00.

If the program is successful this could become an annual opportunity. We know this is very short notice so it is CRUCIAL TO RESPOND QUICKLY. The orders have to be placed by APRIL 30, 2008 to meet summer delivery .

This is a great opportunity for USA Hockey members and rinks to acquire starter kits at an unbelievable price. Please pass this on to any interested organization. We hope this helps with your planning and efforts to "Grow Our Game".

To place your order, please use the attached order form. You may also visit <http://usahockey.com> and click on the OneGoal Equipment box to print an order form, or contact Caitlin Lazaro at 719-538-1184 or <mailto:caitlinl@usahockey.org>.

Sincerely, _ _USA Hockey
